FOUR BEAUTIFUL SHOOTABLE SETTINGS

Distinctive interiors and exteriors within one private West Sussex location.

THE VICTORIAN PROPERTY

MERINO

SOUTHDOWN

THE RESTING SHEPHERD

The Shepherd's Collection brings together two individual Victorian apartments, a separate garden dwelling and a mature 100ft walled garden. Each offers a different visual identity, allowing productions to achieve contrasting residential and exterior looks from one private base.

TWO VICTORIAN APARTMENTS • GARDEN DWELLING • 100FT WALLED GARDEN

MERINO

Ground Floor Two-bedroom Victorian Apartment

BAY-FRONTED LOUNGE

MASTER BEDROOM

GUEST BEDROOM

VICTORIAN SETTING

A calm, characterful Victorian apartment with generous proportions, a bright bay-fronted lounge and soft neutral and sage tones. Period detailing sits comfortably alongside contemporary styling, creating an authentic residential backdrop with a range of useful camera angles.

Shoot potential: lounge and bay window, master bedroom, guest bedroom, kitchen, hallway and shower room; suited to drama, interviews, lifestyle, editorial and stills.

SOUTHDOWN

Upper Floor Two-Bedroom Victorian Apartment

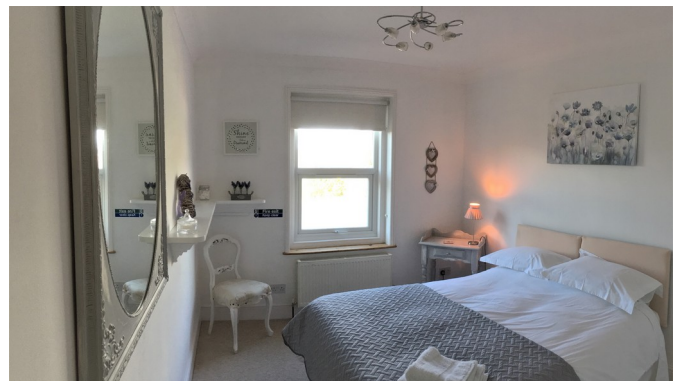

BAY-WINDOW LIVING SPACE

PERIOD FIREPLACE DETAIL

FRONT BEDROOM STREET VIEW

GUEST BEDROOM GARDEN VIEW

Elegant Victorian character with warm, refined interiors. Southdown combines beautifully proportioned rooms, a generous bay window, period detailing and abundant natural light, giving it a distinctly different visual identity from Merino.

Shoot potential: contrasting living and bedroom settings, period fireplace details, strong window light and multiple viewpoints for film, television, photography and editorial work.

THE RESTING SHEPHERD

Garden Dwelling

INTIMATE INTERIOR

PITCHED CEILING & LIGHTING

WIDER LAYOUT

GARDEN-FACING ASPECT

A self-contained garden dwelling with an intimate, distinctive interior and a direct relationship to the walled garden. The pitched ceiling, concealed lighting, pale finishes and garden-facing aspect give The Resting Shepherd a completely different feel from the two Victorian apartments.

Shoot potential: compact bedroom/living setting, garden-facing angles, architectural ceiling detail and close coverage. Best suited to smaller crews, stills and carefully planned scenes.

THE 100FT WALLED GARDEN

A location in its own right, with established character and multiple viewpoints.

WINDING PATHS & LAWN

LANTERN-FRAMED VIEW

ROSE PLANTING

GARDEN STRUCTURE

A mature private garden with sweeping paths, lawn, old brick walls, roses, layered borders, seating areas, garden structures and a sculptural water feature. Changing viewpoints can read as romantic cottage garden, established English garden or a cleaner landscaped exterior.

SEASONAL COLOUR

WATER FEATURE

FLINT & BRICK DETAIL

The garden offers useful close-up textures and natural framing: old boundary walls, lanterns, winding paving, cottage planting, flowering climbers, stone and flint, and layered greenery. Spring and summer bring especially strong colour and foliage, while the permanent hard landscaping provides year-round visual interest.

ANGMERING & WEST SUSSEX

Village, bluebell woodland, South Downs and Sussex coast.

ANGMERING VILLAGE

SEASONAL BLUEBELL WOODLAND

SUSSEX COAST

COASTAL LIGHT

Angmering Village lies between the South Downs National Park and the Sussex coast. The surrounding area offers traditional village scenes, seasonal bluebell woodland, open countryside and shingle beaches, providing useful wider context for productions considering a multi-location West Sussex shoot.
